### PROFILE

Whatever your training needs, whether you are an airline or an individual, Cabair College of Air Training can help.

We offer integrated training programmes using one of the most advanced training fleets in the world. The first 75 hours are flown in European airspace and the remaining hours flown in the UK - possibly the busiest airspace in which to train. Our graduates achieve the highest standards.

For employers, We have a variety of sponsorship options that will help you secure the right people for your future. We can manage your students from selection through to type rating.

For individuals, we have a course to suit you – one that will qualify you all the way to your first job – including your type rating on Airbus or Boeing aircraft. Come to one of our regular free seminars at Cranfield then let us know what we can do for you.

FAA Training options are also available via our affiliate schools in Florida, USA.
