PROFILE

CAA International was established in April 2007 as a subsidiary company of the UK CAA, in order to provide access to the UK Civil Aviation Authority's experience and expertise to support the wider aviation community improve safety worldwide.

We offer technical assistance, training and examination services to enhance your organisation's performance and help you with the development of good practice in aviation safety.

CAA International's client base includes International Organisations, Aviation Authorities and Government Departments, spanning both Civil and Military sectors.

Building on the experience gained from working in over 140 countries on every continent CAA International is able to deliver bespoke solutions to meet the needs of the aviation industry worldwide.

HIGHLIGHTS

- Courses for aviation authorities and industry
- Worldwide course delivery
- ISO 9001:2000 accredited
- Wide range of public access courses
- Experts in safety regulation
- Combined training and consulting solutions available

Training courses provided by the UK CAA.

CAA International provides a combination of open UK-based public courses through to bespoke in-house training that can be delivered internationally.

Our training courses are designed for regulatory and industry personnel, and cover all aspects of aviation safety regulation.

Areas of expertise include:

- **Aviation Safety – Airworthiness, Flight Operations, Licensing, Air Traffic Standards**
- **Aviation Law**
- **Human Factors and Safety Management Systems**
- **Quality Auditing**
- **Training & Development for Aviation Regulatory Organisations**
